Misses' Fur Collar Coats of superior velour cloth, full back yoke, silk lined throughout and interlined. **29.75** Special

POWERS OPPOSE U. S. LINE IN CHINA

Japan and Russia Object to Concessions to Americans

Peking, Oct. 14.—Japan and Russia entered protests to-day against concessions for railway and canal construction in China which have been granted to Americans.

Prince Nicholas Koudacheff, the Russian Minister to China, lodged a protest at the Chinese Foreign Office against the proposed American railroad from Feng-Cheng, Shansi Province, al-Landchow-Fu, in Kansu Province, alleging that the Chinese Minister in Petrograd promised verbally eighteen years ago that Russia should have the privilege of building railways in the vicinity of Mongolia.

The disputed line was to run approximately 400 miles. The agreement entered into between the Siemens-Carey Company, of St. Paul, with the Chinese government empowers the American company to construct equal mileage elsewhere if the protest holds.

Baron Gonsuke Hayashi, the Japanese Minister to China, to-day protested to the Chinese Foreign Office against the government's agreement with American contractors for the reconstruction of 200 miles of the Grand Canal, in Shantung Province.

The Japanese claim by reason of their conquest of the province of Shantung all the rights heretofore held by Germany in the development of that Chinese province. The Chinese government contends that Germany must be defeated before such a claim will hold good.

The dispute involves the Siemens-Carey agreement providing for the construction of the northern half of the Grand Canal.

U. S. Not Involved in Issue Officially

Washington, Oct. 14.—The Japanese and Russian protest against the Chinese contract with the American International Corporation for railroad building had not been officially reported to the State Department to-day, but officials expressed deep interest and expected to hear from Minister Reisch, at Peking.

At present, however, there seems to be no diplomatic issue to involve this government. The American International Corporation as a private American organization secured the contract through a loan to China entirely on its own account and without any communication with the State Department. As an American corporation, however, it will be entitled to the good offices of the government in case it becomes evident that its rights are being actually violated or in case it appeals to the State Department for aid.

Contracts for foreign activities in China almost invariably bring forth protests by other governments on the ground of violation of concessions. Such a contingency was foreseen in the present instance, it is pointed out, by the provision that in case the lines contemplated were protested successfully by another government equal privilege would be granted elsewhere. Often long negotiations have intervened between the Chinese government and the protesting third government before the full legal rights were cleared up. In many cases, as in the Belgian protest against the British Peking railroad concession, solution was found by changing the location to another territory.

St. Paul, Oct. 14.—No change in plans of the Siemens-Carey company is expected to follow news of the Japanese-Russian protest against the concessions of the company for railroad construction in China, it was said at the company's office here to-day.

The company has let no sub-contracts or taken other steps in the matter besides arrangements for preliminary surveys, to make which George A. Kyle has already departed for the Orient. The surveys will take about a year.

MAN TO BEAT LODGE NOT YET IN SIGHT

Bay State Democracy Offers the Task to W. L. Douglas

(By Telegram to the Tribune.) Boston, Oct. 14.—The rejection of Henry Cabot Lodge to the United States Senate seems as sure as anything political can be. It appears impossible for the Democrats to get any strong man to run against him. The leaders of the Bay State Democracy to-day engaged in a ludicrous scramble for a man to take the nomination, which John F. Fitzgerald, of Boston, best known as "Honey Fitz," is anxious to give away. A delegation went to Brockton and begged ex-Governor William L. Douglas to make the race "for the sake of the party." Chairman McCormick of the Democratic National Committee had previously labored with Mr. Douglas, and it is hinted President Wilson himself has made it clear that Douglas's candidacy would be very acceptable to him.

But Mr. Douglas informed the delegation that he did not care to consider the matter. He finally agreed to withhold a final decision.

PRISONER BITES DETECTIVE

Member of Gambling Squad Gets Arm Dressed and Goes Home

When Detective Thomas Lynch, of Inspector Ryan's gambling squad, went to the aid of Patrolman Fenelon, of the West 123d Street station, who was trying to arrest Otto Gordon, a painter, of 60 St. Nicholas Avenue, last night, the man turned upon the detective and bit his right arm. Dr. Janoff, of Harlem Hospital, dressed the wound. The detective reported off duty and went to his home, at 59 West 124th Street. Gordon was locked up on two charges—disorderly conduct and assault.
